Innovative Rail Concepts

320 Fayette Street
300
Conshohocken, PA 19428
(610) 788-2267 (Phone)
(610) 788-2268 (Fax)
mmac@innovativerail.com

<http://www.innovativerail.com>

Innovative Rail Concepts is the exclusive distributor of the Performance Cavity Crosstie. The tie is manufactured from recycled materials and significantly exceeds the AREMA specifications for a wood, concrete or composite tie. The tie has tremendous lateral stability which allows it to take the punishment of the most demanding curves. It is particularly effective in wet areas and has a service life which is significantly greater than wood.

Koppers Inc.

Corporate Headquarters
436 Seventh Avenue
Pittsburgh, PA 15219-1800
Phone: (412) 227-2001
Michael W. Snyder ([email](#))

Phone: (801) 977-6314

Chief Financial Officer

P.O. Box 30076,

Salt Lake City, UT 84130

<http://www.akrailroad.com/AboutAampK/Locations/ContactList/tabid/67/Default.aspx>

A&K has the capability to panelize track at all of our strategically located facilities from New Haven, CT to Stockton, CA, and many points in between. Using new and/or relay track materials, track panels are built to customer specifications in a variety of lengths, and gages. All sections of rail can be assembled on wood, concrete or steel ties with the joints being straight across from each other or staggered.
